- Thimphu ✓
- Vientiane

China shares borders with 14 countries, and their capitals include New Delhi (India), Islamabad (Pakistan), Bishkek (Kyrgyzstan), Tbilisi (Georgia), Dushanbé (Turkmenistan), Ulaanbaatar (Mongolia), Hanoi (Vietnam), and others. The complete list of capitals is essential for understanding China's geographical relationships.

Discuss the challenges faced by capital cities in Asia in terms of sustainability and environmental management. Provide examples to illustrate your points.

Capital cities in Asia encounter numerous sustainability challenges, such as air pollution, waste management, and water scarcity. For instance, Beijing struggles with severe air quality issues due to industrial emissions and vehicle exhaust, while New Delhi faces critical water shortages exacerbated by over-extraction and pollution of water sources. Additionally, cities like Jakarta deal with flooding and land subsidence, largely driven by unregulated urban expansion and inadequate drainage systems. These examples illustrate the urgent need for comprehensive environmental management strategies to address these pressing issues.

What is the capital of the Philippines?

- Cebu
- Manila ✓
- Davao
- Iloilo

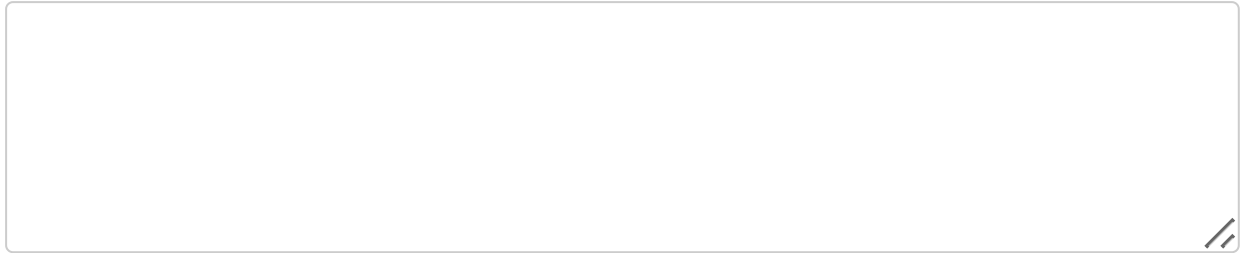

The capital of the Philippines is Manila, which is known for its rich history and vibrant culture. It serves as the political, economic, and cultural center of the country.
