**How do the facial bones contribute to the protection of sensory organs?**

**What are the clinical implications of a fracture in the zygomatic bone?**

**Which of the following bones are paired in the facial structure? (Select all that apply)**

- Maxilla
- Mandible
- Zygomatic
- Vomer

**Which bone is the smallest in the face?**

- Maxilla
- Mandible
- Lacrimal

- Vomer

**What type of joint is the temporomandibular joint (TMJ)?**

- Fixed  
 Hinge  
 Ball and socket  
 Pivot

**What is the primary function of the zygomatic bones?**

- Form the upper jaw  
 Form the cheekbones  
 Support the teeth  
 Form the nasal septum

**Which bone contains the maxillary sinuses?**

- Mandible  
 Zygomatic  
 Maxilla  
 Nasal

**Which bones form the posterior part of the hard palate?**

- Maxilla  
 Palatine  
 Vomer  
 Zygomatic

**Which bones form the bridge of the nose?**

- Maxilla  
 Mandible  
 Nasal  
 Lacrimal

**Which bones are part of the hard palate? (Select all that apply)**

- Maxilla

- Palatine
- Zygomatic
- Lacrimal

**Explain the role of the maxilla in dental health.**

**Describe the process of ossification in facial bones.**

**Which bone forms the inferior part of the nasal septum?**

- Maxilla
- Vomer
- Palatine
- Zygomatic

**Which bone forms the lower jaw?**

- Maxilla
- Mandible
- Zygomatic
- Nasal

**Which bones contribute to the orbit of the eye? (Select all that apply)**

- Zygomatic

- Maxilla
- Lacrimal
- Vomer

**Discuss the importance of the temporomandibular joint in daily activities.**

**What are the functions of the facial bones? (Select all that apply)**

- Protection of sensory organs
- Support for facial muscles
- Production of red blood cells
- Formation of the nasal cavity

**Describe the anatomical relationship between the mandible and the maxilla.**

**Which bones are involved in forming the nasal cavity? (Select all that apply)**

- Nasal
- Vomer
- Inferior Nasal Conchae
- Mandible

**Which bones articulate with the zygomatic bone? (Select all that apply)**

- Maxilla

- Temporal
- Nasal
- Frontal
