**Analyze the role of religion in Renaissance art and how it coexisted with the rise of humanism.**

Religion played a central role in Renaissance art, with many works focusing on Christian themes, but the rise of humanism introduced a new emphasis on human experience and the natural world, allowing for a blending of sacred and secular elements in artistic expression.

**How did the Northern Renaissance differ from the Italian Renaissance in terms of artistic style and focus?**

The Northern Renaissance differed from the Italian Renaissance in that it focused more on realism and everyday life, using detailed naturalism, whereas the Italian Renaissance emphasized classical themes, humanism, and idealized beauty.

**Explain how the use of perspective changed the way artists approached painting during the Renaissance.**

The use of perspective, particularly linear perspective, transformed Renaissance painting by enabling artists to depict three-dimensional space on a two-dimensional surface, leading to more realistic and proportionate representations of figures and environments.
