#### Which conjunctions are used to form conditional sentences in Spanish?

- Si** ✓
- Porque
- Aunque
- O

In Spanish, the conjunctions commonly used to form conditional sentences are 'si' (if) and 'en caso de que' (in case). These conjunctions introduce the condition upon which the outcome depends.

#### Which conjunctions can be used to add information in Spanish?

- Y** ✓
- Ni
- O
- Porque

In Spanish, conjunctions such as 'y' (and), 'e' (and, used before words starting with 'i' or 'hi'), and 'ni' (nor) are commonly used to add information.

#### Which conjunction would you use to express a contrast in Spanish?

- O
- Y
- Pero** ✓
- Porque

In Spanish, the conjunction 'pero' is commonly used to express contrast between two ideas or statements.

#### Which conjunction would you use to present alternatives in Spanish?

- Ni
- O ✓
- Y
- Aunque

In Spanish, the conjunction used to present alternatives is "o," which translates to "or" in English. This conjunction is used to indicate choices between two or more options.

### Which conjunction is used to add information in Spanish?

- Aunque
- O
- Y ✓
- Ni

In Spanish, the conjunction 'y' is used to add information, similar to the English conjunction 'and'. It connects words, phrases, or clauses to provide additional details.

### What type of conjunction is "ni...ni" in Spanish?

- Coordinating
- Subordinating
- Correlative ✓
- Adversative

The conjunction "ni...ni" in Spanish is a correlative conjunction used to express negation in a way that connects two elements, similar to "neither...nor" in English.

### Which of the following is a subordinating conjunction?

- Y
- Ni
- Porque ✓
- O

A subordinating conjunction is a word that connects a dependent clause to an independent clause, indicating a relationship between the two. Common examples include 'although,' 'because,' and 'since.'

### Provide an example of a sentence using the conjunction "aunque" and explain its function in the sentence.

**"Aunque estaba cansado, fui a la fiesta." ("Although I was tired, I went to the party.") In this sentence, "aunque" introduces a contrast between the speaker's tiredness and their decision to attend the party.**

**Which of the following are coordinating conjunctions in Spanish?**

- Y** ✓
- O** ✓
- Porque
- Pero** ✓

Coordinating conjunctions in Spanish include 'y' (and), 'o' (or), 'pero' (but), and 'ni' (nor). These conjunctions are used to connect words, phrases, or clauses of equal importance in a sentence.

**Which conjunction would you use to express a condition in Spanish?**

- Si** ✓
- Y
- Pero
- Porque

In Spanish, the conjunction used to express a condition is 'si', which translates to 'if' in English. It is commonly used to introduce conditional clauses in sentences.

**Which of the following are subordinating conjunctions in Spanish?**

- Porque** ✓
- Si** ✓
- Y
- Aunque** ✓

Subordinating conjunctions in Spanish include words like 'que', 'porque', 'aunque', and 'si'. These conjunctions are used to connect dependent clauses to independent clauses, indicating relationships such as cause, condition, or contrast.

**Explain the difference between coordinating and subordinating conjunctions in Spanish.**

In Spanish, coordinating conjunctions include words like 'y' (and), 'o' (or), and 'pero' (but), which link similar elements. Subordinating conjunctions, such as 'porque' (because), 'aunque' (although), and 'cuando' (when), introduce dependent clauses that provide additional information to the main clause.

**Explain how the conjunction "si" is used in conditional sentences and provide an example.**

The conjunction "si" is used in conditional sentences to express a condition. For example: "Si tengo tiempo, iré al cine" (If I have time, I will go to the cinema).

**Describe a situation where you would use "ni...ni" in a sentence. Provide an example.**

An example of using "ni...ni" in a sentence is: "No tengo ni tiempo ni dinero para ir al cine," which translates to "I have neither time nor money to go to the movies."

Which of the following is a coordinating conjunction in Spanish?

- Porque
- Aunque
- Y ✓
- Si

In Spanish, coordinating conjunctions include words like 'y' (and), 'o' (or), and 'pero' (but). These conjunctions are used to connect words, phrases, or clauses of equal importance in a sentence.

What is the primary function of conjunctions in a sentence?

- To describe nouns
- To connect clauses or words ✓
- To indicate tense
- To modify verbs

Conjunctions are words that connect clauses, sentences, or words in a sentence, helping to create complex and coherent ideas. They play a crucial role in the structure and flow of language.

Which conjunctions can be used to express contrast in Spanish?

- Pero ✓
- Aunque ✓
- Y
- Porque

In Spanish, conjunctions such as 'pero', 'sin embargo', 'aunque', and 'no obstante' are commonly used to express contrast between ideas or statements.

How do conjunctions enhance the fluidity and coherence of Spanish writing? Provide an example.

Conjunctions enhance the fluidity and coherence of Spanish writing by linking clauses and ideas, such as in the sentence: 'Me gusta el chocolate y me encanta el helado' (I like chocolate and I love ice cream).

**What role do conjunctions play in forming complex sentences in Spanish? Give an example.**

Conjunctions play a crucial role in forming complex sentences in Spanish by connecting clauses. An example is: 'Quiero ir al cine porque quiero ver una película,' where 'porque' connects the two ideas.

**Identify the correlative conjunctions in Spanish.**

- Ni...ni ✓
- O...o ✓
- Y
- Pero

Correlative conjunctions in Spanish are pairs of conjunctions that work together to connect words or phrases. Common examples include 'ni...ni', 'ya...ya', 'o...o', and 'no solo...sino también'.
