**Discuss the evolutionary advantages of being warm-blooded for birds and mammals.**

**Which group of vertebrates is known for having feathers?**

- Mammals
- Reptiles
- Birds
- Amphibians

**What type of circulatory system do vertebrates have?**

- Open
- Closed
- Mixed
- None

**Which vertebrates are primarily aquatic? (Select all that apply)**

- Fish
- Amphibians
- Reptiles
- Birds

**Which vertebrate group is primarily adapted to life both in water and on land?**

- Fish
- Amphibians
- Reptiles
- Birds

**Which vertebrate group is characterized by the presence of mammary glands?**

- Reptiles
- Birds
- Mammals
- Amphibians

**Which vertebrate group undergoes metamorphosis?**

- Fish
- Amphibians
- Reptiles
- Birds

**Which of the following are characteristics of mammals? (Select all that apply)**

- Warm-blooded
- Feathers
- Hair or fur
- Mammary glands

**Which vertebrate groups have a three-chamber heart? (Select all that apply)**

- Fish
- Amphibians
- Reptiles
- Birds

**Which vertebrate groups are known to lay eggs? (Select all that apply)**

- Fish
- Amphibians
- Reptiles
- Mammals

**What is the primary respiratory organ in fish?**

- Lungs
- Skin
- Gills
- Trachea

**Which vertebrate groups are considered endothermic? (Select all that apply)**

- Fish
- Amphibians
- Birds
- Mammals

**Explain the significance of the vertebral column in vertebrates.**

**Describe the process of metamorphosis in amphibians and its ecological importance.**

**How do vertebrates contribute to maintaining ecological balance in their habitats?**

**Compare and contrast the respiratory systems of fish and mammals.**

**What are some conservation challenges faced by vertebrate species today, and how can they be addressed?**

**Which vertebrate group is ectothermic?**

- Birds
- Mammals
- Reptiles
- All of the above

**What is a defining characteristic of vertebrates?**

- Exoskeleton
- Backbone
- Open circulatory system

External fertilization

**Which of the following adaptations are found in birds? (Select all that apply)**

- Hollow bones
- Scales
- Beaks
- WINGS
