- Cold winters and hot summers
- Mild, wet winters and hot, dry summers
- High humidity year-round
- Extremely cold temperatures year-round

Describe the seasonal patterns typically found in a temperate climate zone.

Compare and contrast the climate characteristics of tropical and continental zones.

Discuss how human activities can alter local climate zones. Provide examples.

Which climate zones are influenced by ocean currents? (Select all that apply)

- Tropical
- Temperate
- Continental
- Mediterranean

What adaptations might people living in a polar climate zone need to make in their daily lives?

What are the main characteristics of an arid climate? (Select all that apply)

- High precipitation
- Large temperature variations
- Low precipitation
- Consistent temperatures year-round

Which climate zones are likely to experience snow in winter? (Select all that apply)

- Tropical
- Continental
- Polar
- Arid

Explain how latitude affects the climate of a region.

Which climate zone is typically found in the interior of continents?

- Tropical
- Continental
- Polar
- Mediterranean

What are the characteristics of a polar climate? (Select all that apply)

- High temperatures year-round
- Extremely cold temperatures
- Limited precipitation
- Located near the equator

What factor primarily influences the temperature in different climate zones?

- Ocean currents
- Latitude
- Wind patterns
- Altitude

Which of the following factors influence climate zones? (Select all that apply)

- Latitude
- Proximity to water bodies
- Population density
- Ocean currents

Which climate zone is known for having large temperature variations between day and night?

- Temperate
- Arid
- Tropical
- Mediterranean

Which regions are typically associated with a Mediterranean climate? (Select all that apply)

- Mediterranean Basin
- Northern Canada
- Parts of California
- Siberia

Which climate zone is typically found near the poles?

- Tropical
- Arid
- Continental
- Polar

Which climate zone is characterized by high temperatures and significant rainfall year-round?

- Arid
- Temperate
- Tropical
- Polar

In which climate zone would you find the Gobi Desert?

- Tropical
- Arid
- Polar
- Mediterranean

Why is understanding climate zones important for agriculture and urban planning? Provide specific examples.
