What is the purpose of government?

The purpose of government is to maintain order, provide public services, and protect the rights and freedoms of individuals.

What are the main functions of government?

The main functions of government include making laws, enforcing laws, interpreting laws, and providing for the common good.

What is democracy?

Democracy is a system of government in which power is vested in the people, who rule either directly or through freely elected representatives.

What is the difference between direct and representative democracy?

In direct democracy, citizens directly participate in decision-making, while in representative democracy, citizens elect representatives to make decisions on their behalf.

What is the social contract theory?

The social contract theory is the idea that individuals consent to form a government and abide by its rules in exchange for protection of their rights.

What are the key principles of American democracy?

The key principles of American democracy include popular sovereignty, limited government, separation of powers, checks and balances, and individual rights.

What is federalism?

Federalism is a system of government in which power is divided between a central authority and constituent political units, such as states.

What is the Bill of Rights?

The Bill of Rights is the first ten amendments to the United States Constitution, which guarantee individual liberties and rights.

What is the significance of the Constitution?

The Constitution establishes the framework of the government, outlines the powers of government, and protects individual rights.

What is the role of the Supreme Court?

The role of the Supreme Court is to interpret the Constitution, review laws, and decide cases involving states' rights.
