Part 1: Building a Foundation

Which of the following is the first day of the week in most Western cultures?

Hint: Think about the common calendar used in Western countries.

- A) Sunday
- A) Monday
- A) Saturday
- A) Friday

Select all the days that are typically considered part of the weekend.

Hint: Consider which days people usually have off from work.

- A) Monday
- A) Saturday
- A) Sunday
- A) Wednesday

List the days of the week in order starting from Monday.

Hint: Start with Monday and list each day sequentially.

What are the two days that come after Wednesday?

Hint: Think about the sequence of the week.

1. First day after Wednesday

2. Second day after Wednesday

Part 2: Understanding and Interpretation

If today is Thursday, what day will it be three days from now?

Hint: Count forward from Thursday.

- A) Sunday
- A) Monday
- A) Saturday
- A) Friday

Which of the following statements are true about weekdays?

Hint: Consider the common understanding of weekdays.

- A) They include Saturday and Sunday.
- A) They are typically workdays for most people.
- A) They start with Monday.
- A) They end with Friday.

Explain why some cultures consider Sunday as the first day of the week instead of Monday.

Hint: Think about religious and historical perspectives.

Part 3: Application and Analysis

You have a project due in five days, and today is Tuesday. On which day is your project due?

Hint: Count forward from Tuesday.

- A) Saturday
- A) Sunday
- A) Monday
- A) Friday

You are planning a weekend trip. Which days should you consider for your trip if you want to leave after the workweek?

Hint: Think about when the workweek typically ends.

- A) Thursday and Friday
- A) Saturday and Sunday
- A) Friday and Saturday
- A) Sunday and Monday

Describe a typical activity you might do on a weekend and explain why it is usually done on those days.

Hint: Think about common weekend activities.

Part 4: Evaluation and Creation

Which day is exactly in the middle of the week if the week starts on Monday?

Hint: Consider the sequence of the week.

- A) Tuesday
- A) Wednesday

- A) Thursday
- A) Friday

Analyze the following scenarios and identify which are likely to occur on a weekday.

Hint: Think about typical weekday activities.

- A) Attending a business meeting
- A) Going to a weekend market
- A) School classes
- A) Family picnic

Compare and contrast the activities typically done on weekdays versus weekends.

Hint: Think about how activities differ between weekdays and weekends.

If a country decided to change its official workweek to include Saturday and Sunday, which of the following would be a likely consequence?

Hint: Consider the implications of changing the workweek.

- A) Increased leisure time
- A) More business days
- A) Shorter weekends
- A) Longer school hours

Evaluate the impact of having a three-day weekend on the following aspects:

Hint: Think about how a longer weekend might affect various areas.

- A) Work productivity
- A) Family time
- A) Economic activity
- A) Stress levels

Design a weekly schedule for a student that includes study time, leisure activities, and rest. Explain your choices for each day.

Hint: Think about how to balance different activities throughout the week.
