What is the definition of evidence in a legal context?

Evidence is any type of proof legally presented at trial through witnesses, records, or exhibits to convince the judge or jury of the truth of a matter.

What are the two main types of evidence?

The two main types of evidence are direct evidence and circumstantial evidence.

What is direct evidence?

Direct evidence is evidence that directly links a defendant to the crime, such as eyewitness testimony or a confession.

What is circumstantial evidence?

Circumstantial evidence is evidence that requires an inference to connect it to a conclusion of fact, such as fingerprints found at a crime scene.

What is the role of evidence in a trial?

The role of evidence in a trial is to support the arguments of the parties involved and to help the judge or jury reach a verdict.

What is the standard of proof in a criminal case?

The standard of proof in a criminal case is 'beyond a reasonable doubt'.

What is the standard of proof in a civil case?

The standard of proof in a civil case is 'preponderance of the evidence'.

What is hearsay evidence?

Hearsay evidence is an out-of-court statement introduced to prove the truth of the matter asserted, which is generally inadmissible in court.

What is the difference between admissible and inadmissible evidence?

Admissible evidence is evidence that is allowed to be presented in court, while inadmissible evidence is evidence that cannot be presented due to legal rules.

What is the purpose of the rules of evidence?

The purpose of the rules of evidence is to ensure that only reliable and relevant evidence is presented in court to protect the integrity of the judicial process.
