The relationship is that the concepts are complementary.

**Which factors are analyzed to understand the worksheet's conclusions? (Select all that apply)**

**undefined. Data accuracy ✓**

**undefined. Theoretical background ✓**

undefined. Personal opinions

**undefined. Logical consistency ✓**

Factors include Data accuracy, Theoretical background, Personal opinions, and Logical consistency.

**Which factors are analyzed to understand the worksheet's conclusions? (Select all that apply)**

**undefined. Data accuracy ✓**

**undefined. Theoretical background ✓**

undefined. Personal opinions

**undefined. Logical consistency ✓**

Factors include Data accuracy, Theoretical background, Personal opinions, and Logical consistency.

**Break down the process described in the worksheet and analyze its effectiveness.**

**The analysis should cover the strengths and weaknesses of the process.**

**Break down the process described in the worksheet and analyze its effectiveness.**

**Analyze the steps and evaluate how effective they are.**

## **Part 4: Evaluation and Creation**

---

**What relationship is examined between the key concepts in the worksheet?**

undefined. They are unrelated

undefined. They are sequentially dependent

undefined. They are contradictory

**undefined. They are complementary ✓**

The relationship is that the concepts are complementary to each other.
