Safmeds ABA Flashcards PDF

What does ABA stand for?

Applied Behavior Analysis

What is the primary goal of ABA?

To improve socially significant behaviors.

What is a reinforcement in ABA?

A consequence that increases the likelihood of a behavior being repeated.

What is a punisher in ABA?

A consequence that decreases the likelihood of a behavior being repeated.

What is the difference between positive and negative reinforcement?

Positive reinforcement adds a stimulus to increase behavior, while negative reinforcement removes a stimulus to increase behavior.
