Part 1: Building a Foundation

What number comes after 3?

undefined. 2

undefined. 4 ✓

undefined. 5

undefined. 6

The correct answer is 4, as it follows 3 in the number line.

What number comes after 3?

undefined. A) 2

undefined. A) 4 ✓

undefined. A) 5

undefined. A) 6

The number that comes after 3 is 4.

What number comes after 3?

undefined. A) 2

undefined. A) 4 ✓

undefined. A) 5

undefined. A) 6

The number that comes after 3 is 4.

Which of the following are shapes? (Select all that apply)

undefined. Circle ✓

undefined. Square ✓

undefined. Apple

undefined. Triangle ✓

The correct answers are Circle, Square, and Triangle.

Which of the following are shapes? (Select all that apply)

undefined. A) Circle ✓

undefined. A) Square ✓

undefined. A) Apple

undefined. A) Triangle ✓

The correct shapes are Circle, Square, and Triangle.

Which of the following are shapes? (Select all that apply)

undefined. A) Circle ✓

undefined. A) Square ✓

undefined. A) Apple

undefined. A) Triangle ✓

The correct shapes are Circle, Square, and Triangle.

Count the number of apples in the picture and write the number.

The answer should be the total number of apples visible in the picture.

Count the number of apples in the picture and write the number.

The answer should be the total number of apples counted.

Count the number of apples in the picture and write the number.

The answer should be the total number of apples counted.

Part 2: Application and Analysis

If you have 2 apples and you get 3 more, how many apples do you have in total?

undefined. 4

undefined. 5 ✓

undefined. 6

undefined. 7

The correct answer is 5, as 2 plus 3 equals 5.

If you have 2 apples and you get 3 more, how many apples do you have in total?

undefined. A) 4

undefined. A) 5 ✓

undefined. A) 6

undefined. A) 7

You will have 5 apples in total.

If you have 2 apples and you get 3 more, how many apples do you have in total?

undefined. A) 4

undefined. A) 5 ✓

undefined. A) 6

undefined. A) 7

You have a total of 5 apples.

Which of the following can be sorted by color? (Select all that apply)

undefined. Crayons ✓

undefined. Books

undefined. Cars ✓

undefined. Shoes ✓

The correct answers are Crayons, Cars, and Shoes.

Which of the following can be sorted by color? (Select all that apply)

undefined. **A) Crayons ✓**

undefined. A) Books

undefined. **A) Cars ✓**

undefined. **A) Shoes ✓**

The items that can be sorted by color are Crayons, Cars, and Shoes.

Which of the following can be sorted by color? (Select all that apply)

undefined. **A) Crayons ✓**

undefined. A) Books

undefined. **A) Cars ✓**

undefined. **A) Shoes ✓**

The items that can be sorted by color are Crayons, Cars, and Shoes.

Look at the two trees. Which one is taller? Describe how you know.

The answer should describe which tree is taller and how it was determined.

Look at the two trees. Which one is taller? Describe how you know.

The answer should describe which tree is taller and the reasoning behind it.

Look at the two trees. Which one is taller? Describe how you know.

The answer should describe which tree is taller and how it was determined.

Which pattern is different from the others?

undefined. Red, Blue, Red, Blue

undefined. Circle, Square, Circle, Square

undefined. Apple, Banana, Apple, Banana

undefined. **Triangle, Triangle, Square, Triangle ✓**

The correct answer is D) Triangle, Triangle, Square, Triangle, as it breaks the pattern.

Which pattern is different from the others?

undefined. A) Red, Blue, Red, Blue

undefined. A) Circle, Square, Circle, Square

undefined. A) Apple, Banana, Apple, Banana

undefined. A) Triangle, Triangle, Square, Triangle ✓

The different pattern is Triangle, Triangle, Square, Triangle.

Which pattern is different from the others?

undefined. A) Red, Blue, Red, Blue

undefined. A) Circle, Square, Circle, Square

undefined. A) Apple, Banana, Apple, Banana

undefined. A) Triangle, Triangle, Square, Triangle ✓

The different pattern is Triangle, Triangle, Square, Triangle.

Which shapes have four sides? (Select all that apply)**undefined. Square ✓**

undefined. Triangle

undefined. Rectangle ✓

undefined. Circle

The correct answers are Square and Rectangle.

Which shapes have four sides? (Select all that apply)**undefined. A) Square ✓**

undefined. A) Triangle

undefined. A) Rectangle ✓

undefined. A) Circle

The shapes with four sides are Square and Rectangle.

Which shapes have four sides? (Select all that apply)**undefined. A) Square ✓**

undefined. A) Triangle

undefined. A) Rectangle ✓

undefined. A) Circle

The shapes with four sides are Square and Rectangle.

Explain why the number 10 is greater than the number 5.

The answer should explain the concept of greater than.

Explain why the number 10 is greater than the number 5.

The answer should explain that 10 is more than 5.

Explain why the number 10 is greater than the number 5.

The answer should explain the concept of greater than.

Part 3: Evaluation and Creation

Which activity is most likely to happen in the morning?

undefined. Eating dinner

undefined. Brushing teeth ✓

undefined. Going to bed

undefined. Watching TV

The correct answer is B) Brushing teeth, as it is a morning activity.

Which activity is most likely to happen in the morning?

undefined. A) Eating dinner

undefined. A) Brushing teeth ✓

undefined. A) Going to bed

undefined. A) Watching TV

The activity most likely to happen in the morning is Brushing teeth.

Which activity is most likely to happen in the morning?

undefined. A) Eating dinner

undefined. A) Brushing teeth ✓

undefined. A) Going to bed

undefined. A) Watching TV

The activity most likely to happen in the morning is Brushing teeth.

Create a pattern using the following shapes: Circle, Square, Triangle. Which of these is a possible pattern? (Select all that apply)

undefined. Circle, Square, Triangle ✓

undefined. Square, Circle, Square

undefined. Triangle, Circle, Triangle ✓

undefined. Circle, Triangle, Square

The correct answers are A) Circle, Square, Triangle and C) Triangle, Circle, Triangle.

Create a pattern using the following shapes: Circle, Square, Triangle. Which of these is a possible pattern? (Select all that apply)

undefined. A) Circle, Square, Triangle ✓

undefined. A) Square, Circle, Square

undefined. A) Triangle, Circle, Triangle

undefined. A) Circle, Triangle, Square ✓

Possible patterns include Circle, Square, Triangle and Circle, Triangle, Square.

Create a pattern using the following shapes: Circle, Square, Triangle. Which of these is a possible pattern? (Select all that apply)

undefined. A) Circle, Square, Triangle ✓

undefined. A) Square, Circle, Square ✓

undefined. A) Triangle, Circle, Triangle

undefined. A) Circle, Triangle, Square

Possible patterns include Circle, Square, Triangle and Square, Circle, Square.

Design a simple picture using at least three different shapes. Describe your picture and the shapes you used.

The answer should describe a picture made with at least three shapes.

Design a simple picture using at least three different shapes. Describe your picture and the shapes you used.

The answer should describe the picture and the shapes used.

Design a simple picture using at least three different shapes. Describe your picture and the shapes you used.

The answer should describe the picture and the shapes used.
