Part 1: Building a Foundation

What is the sum of 8 + 5?
Hint: Think about basic addition.
 12 13 ✓ 14 15 The correct answer is 13.
What is the sum of 8 + 5?
Hint: Think about basic addition.
 ○ A) 12 ○ A) 13 ✓ ○ A) 14 ○ A) 15
The correct answer is the total of 8 and 5.
What is the sum of 8 + 5?
Hint: Think about basic addition. ○ A) 12 ○ A) 13 ✓ ○ A) 14 ○ A) 15

The correct answer is the total of 8 and 5.
Which of the following are nouns? (Select all that apply)
Hint: Remember that nouns are people, places, or things.
Run
□ Dog ✓
☐ Happiness ✓☐ Quickly
- Quickly
The correct answers are Dog and Happiness.
Which of the following are nouns? (Select all that apply)
Hint: Remember that nouns are people, places, or things.
☐ A) Run
□ A) Dog ✓
□ A) Happiness ✓
☐ A) Quickly
Nouns include words that name people, places, or things.
Which of the following are nouns? (Select all that apply)
Hint: Remember that nouns are people, places, or things.
☐ A) Run
□ A) Dog ✓
☐ A) Happiness ✓
☐ A) Quickly
Nouns include words that name a person, place, or thing.
Describe what happens in the water cycle. Use words like "evaporation" and "rain."
Hint: Think about how water moves in nature.

The water cycle includes evaporation, condensation, and precipitation.
Describe what happens in the water cycle. Use words like 'evaporation' and 'rain.'
Hint: Think about the stages of the water cycle.
The answer should include evaporation, condensation, and precipitation.
The answer should moldae evaporation, condensation, and precipitation.
Describe what happens in the water cycle. Use words like 'evaporation' and 'rain.'
Hint: Think about the stages of the water cycle.
The water cycle includes evaporation, condensation, and precipitation.
The state of the s
What is the value of the digit 7 in the number 572?
Hint: Consider the place value of the digit.
○ 7

70 ✓7007000
The value of 7 in 572 is 70.
What is the value of the digit 7 in the number 572?
Hint: Consider the place value of the digit.
 A) 7 A) 70 ✓ A) 700 A) 7000
The value of 7 is determined by its position in the number.
What is the value of the digit 7 in the number 572?
Hint: Consider the place value of the digit.
○ A) 7
A) 70 ✓A) 700
○ A) 7000
The answer is based on the position of the digit in the number.
Part 2: Understanding and Application
Why do we have concern?
Why do we have seasons?
Hint: Think about Earth's position in space.
 ○ Because of the moon's phases ○ Because of Earth's tilt and orbit around the sun ✓
O Because of the stars
Because of the ocean tides
We have seasons because of Earth's tilt and orbit around the sun.

Why do we have seasons?	
Hint: Think about Earth's position relative to the sun.	
 A) Because of the moon's phases A) Because of Earth's tilt and orbit around the sun ✓ A) Because of the stars A) Because of the ocean tides 	
Seasons are caused by the tilt of the Earth and its orbit around the sun.	
Why do we have seasons?	
Hint: Think about Earth's position in space.	
 A) Because of the moon's phases A) Because of Earth's tilt and orbit around the sun ✓ A) Because of the stars A) Because of the ocean tides 	
The seasons are caused by Earth's tilt and orbit around the sun.	
Which of the following are reasons why plants need sunlight? (Select all that apply)	
Hint: Consider the processes plants use to survive.	
 □ To make food ✓ □ To grow taller ✓ □ To stay warm □ To breathe 	
Plants need sunlight to make food and grow.	
Which of the following are reasons why plants need sunlight? (Select all that apply)	
Hint: Consider the processes plants use to survive.	
☐ A) To make food ✓	
□ A) To grow taller ✓	
□ A) To stay warm□ A) To breathe	

Plants need sunlight for photosynthesis and growth.
Which of the following are reasons why plants need sunlight? (Select all that apply)
Hint: Consider the processes plants use to survive.
☐ A) To make food ✓
□ A) To grow taller ✓
A) To stay warm
A) To breathe
Plants need sunlight for photosynthesis and growth.
Imagine you are planning a birthday party. Write a list of three things you need to organize the party.
Hint: Think about what is essential for a party.
You might need decorations, food, and invitations.
Imagine you are planning a birthday party. Write a list of three things you need to organize the party. Hint: Think about the essentials for a party.
Consider items like invitations, decorations, and food.

Create hundreds of practice and test experiences based on the latest learning science.

Imagine you are planning a birthday party. Write a list of three things you need to organize the party.

The answer should include items like invitations, food, and decorations. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Add the number of apples you have to the number you bought. 6 7 ✓ 8 9 You have a total of 7 apples. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about adding quantities together. A) 6 A) 7 ✓ A) 8 A) 9 The total number of apples is the sum of the two amounts. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about addition again. A) 6 A) 7 ✓ A) 8	Hint: Think about the essentials for a party.
If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Add the number of apples you have to the number you bought. 6 7 ✓ 8 9 I You have a total of 7 apples. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about adding quantities together. A) 6 A) 7 ✓ A) 8 A) 9 I The total number of apples is the sum of the two amounts. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about addition again. A) 6 A) 7 ✓ A) 8	
If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Add the number of apples you have to the number you bought. 6 7 ✓ 8 9 I You have a total of 7 apples. A) 6 A) 7 ✓ A) 8 A) 9 I The total number of apples is the sum of the two amounts. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about addition again. A) 6 A) 7 ✓ A) 8	
If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Add the number of apples you have to the number you bought. 6 7 ✓ 8 9 I You have a total of 7 apples. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about adding quantities together. A) 6 A) 7 ✓ A) 8 A) 9 I The total number of apples is the sum of the two amounts. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about addition again. A) 6 A) 7 ✓ A) 8	
Hint: Add the number of apples you have to the number you bought. 6 7 ✓ 8 9 You have a total of 7 apples. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about adding quantities together. A) 6 A) 7 ✓ A) 8 A) 9 The total number of apples is the sum of the two amounts. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about addition again. A) 6 A) 7 ✓ A) 8	The answer should include items like invitations, food, and decorations.
 6 7 ✓ 8 9 You have a total of 7 apples. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about adding quantities together. A) 6 A) 7 ✓ A) 8 A) 9 The total number of apples is the sum of the two amounts. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about addition again. A) 6 A) 7 ✓ A) 8 	If you have 3 apples and you buy 4 more, how many apples do you have in total?
 7 ✓ 8 9 You have a total of 7 apples. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about adding quantities together. A) 6 A) 7 ✓ A) 8 A) 9 The total number of apples is the sum of the two amounts. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about addition again. A) 6 A) 7 ✓ A) 8 	Hint: Add the number of apples you have to the number you bought.
 8 9 You have a total of 7 apples. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about adding quantities together. A) 6 A) 7 ✓ A) 8 A) 9 The total number of apples is the sum of the two amounts. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about addition again. A) 6 A) 7 ✓ A) 8 	
 9 You have a total of 7 apples. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about adding quantities together. A) 6 A) 7 ✓ A) 8 A) 9 The total number of apples is the sum of the two amounts. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about addition again. A) 6 A) 7 ✓ A) 8 	
If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about adding quantities together. A) 6 A) 7 ✓ A) 8 A) 9 The total number of apples is the sum of the two amounts. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about addition again. A) 6 A) 7 ✓ A) 8	
Hint: Think about adding quantities together. ○ A) 6 ○ A) 7 ✓ ○ A) 8 ○ A) 9 ■ The total number of apples is the sum of the two amounts. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about addition again. ○ A) 6 ○ A) 7 ✓ ○ A) 8	You have a total of 7 apples.
 A) 6 A) 7 ✓ A) 8 A) 9 The total number of apples is the sum of the two amounts. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about addition again. A) 6 A) 7 ✓ A) 8 	If you have 3 apples and you buy 4 more, how many apples do you have in total?
 A) 7 ✓ A) 8 A) 9 The total number of apples is the sum of the two amounts. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about addition again. A) 6 A) 7 ✓ A) 8 	Hint: Think about adding quantities together.
 A) 8 A) 9 The total number of apples is the sum of the two amounts. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about addition again. A) 6 A) 7 ✓ A) 8 	·
 A) 9 The total number of apples is the sum of the two amounts. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about addition again. A) 6 A) 7 ✓ A) 8 	
The total number of apples is the sum of the two amounts. If you have 3 apples and you buy 4 more, how many apples do you have in total? Hint: Think about addition again. A) 6 A) 7 ✓ A) 8	
Hint: Think about addition again. ○ A) 6 ○ A) 7 ✓ ○ A) 8	
○ A) 6○ A) 7 ✓○ A) 8	If you have 3 apples and you buy 4 more, how many apples do you have in total?
A) 7 ✓A) 8	Hint: Think about addition again.
○ A) 8	
	·
() A) 9	○ A) 8 ○ A) 9

The answer is the total number of apples after buying more.

Part 3: Analysis, Evaluation, and Creation

Wł	nich of the following best explains why some animals hibernate?
Hir	nt: Think about the reasons animals might need to sleep for a long time.
0	To avoid predators To find more food To survive cold weather ✓ To migrate to warmer places
I	Animals hibernate to survive cold weather.
Wł	nich of the following best explains why some animals hibernate?
Hir	nt: Consider the reasons animals might need to rest.
0	 A) To avoid predators A) To find more food A) To survive cold weather ✓ A) To migrate to warmer places
I	Hibernation helps animals survive cold weather and food scarcity.
Wł	nich of the following best explains why some animals hibernate?
Hir	nt: Consider the reasons animals might need to rest.
0	 A) To avoid predators A) To find more food A) To survive cold weather ✓ A) To migrate to warmer places
	Animals hibernate to survive cold weather and conserve energy.

What are some effects of not getting enough sleep? (Select all that apply)

Hint: Consider how sleep affects your body and mind.

	Feeling tired ✓ Having more energy Difficulty concentrating ✓ Improved memory
I	Effects include feeling tired and difficulty concentrating.
Wh	at are some effects of not getting enough sleep? (Select all that apply)
Hin	t: Think about how sleep affects your body and mind.
	A) Feeling tired ✓ A) Having more energy A) Difficulty concentrating ✓ A) Improved memory
I	Lack of sleep can lead to tiredness and difficulty concentrating.
Wh	at are some effects of not getting enough sleep? (Select all that apply)
Hin	t: Think about how sleep affects your body and mind.
	A) Feeling tired ✓
	A) Having more energy A) Difficulty concentrating ✓
	A) Improved memory
I	Lack of sleep can lead to tiredness and difficulty concentrating.
Со	mpare and contrast a city and a village. What are two similarities and two differences?
Hin	t: Think about the characteristics of both places.

Create hundreds of practice and test experiences based on the latest learning science.

Cities and villages may have people and buildings, but differ in size and population.

Compare and contrast a city and a village. What are two similarities and two differences?
Hint: Think about the characteristics of each place.
Consider aspects like population, lifestyle, and amenities.
Compare and contrast a city and a village. What are two similarities and two differences?
Hint: Think about the characteristics of each place.
Think about the characteristics of each place.
The answer should include both similarities and differences.
Which of the following is the best way to solve a disagreement with a friend?
Hint: Consider how to communicate effectively.
○ Ignore them
 Talk it out calmly ✓ Yell at them
Tell everyone about it
The best way is to talk it out calmly.
The best hay to to take it out outing.
Which of the following is the best way to solve a disagreement with a friend?
Hint: Think about communication strategies.

0	A) Ignore them
0	A) Talk it out calmly ✓
0	A) Yell at them
0	A) Tell everyone about it
	Talking it out calmly is the best approach to resolving conflicts.
W	hich of the following is the best way to solve a disagreement with a friend?
Hi	nt: Consider how to communicate effectively.
0	A) Ignore them
0	A) Talk it out calmly ✓
	A) Yell at them
0	A) Tell everyone about it
	Talking it out calmly is the best approach.
W	hich of the following are good ways to reduce waste? (Select all that apply)
Hi	nt: Think about actions that help the environment.
	Recycle plastic bottles ✓
	Throw everything in the trash
	Compete food scraps ✓
	Use reusable bags ✓
	Good ways include recycling and compost.
w	hich of the following are good ways to reduce waste? (Select all that apply)
	nt: Consider actions that help the environment.
	A) Recycle plastic bottles ✓A) Throw everything in the trash
	A) Compost food scraps ✓
	A) Use reusable bags ✓
	Recycling and compost are effective ways to minimize waste.

Which of the following are good ways to reduce waste? (Select all that apply)

Hint: Think about actions that help the environment.	
☐ A) Recycle plastic bottles ✓	
A) Throw everything in the trash	
□ A) Compost food scraps ✓	
□ A) Use reusable bags ✓	
Recycling and compost are effective ways to reduce waste.	
Design a simple invention that could help people in your community. Describe what it does and how it works.	V
Hint: Think creatively about a problem you can solve.	
Your invention should address a specific need in the community. Design a simple invention that could help people in your community. Describe what it does and how it works.	V
Hint: Think about needs in your community.	
	J
Your invention should address a specific problem or need.	

Create hundreds of practice and test experiences based on the latest learning science.

Hint: Think about needs in your community.

//

The answer should describe the invention and its purpose.
